

2027 CALL FOR PROPOSALS SUBMISSION GUIDE

Highlight your work to a global audience of women's health, obstetric, and neonatal nurses at the 2027 AWHONN Convention, scheduled for June 19-23 in Nashville, TN. We are seeking original abstracts that incorporate evidence-based education strategies, demonstrate impactful quality improvement outcomes, and feature innovative research. This is your chance to showcase your expertise, inspire colleagues, and shape nursing practice. Submit your abstract by October 13, 2026 and get ready to share and connect with peers who want to raise the bar in nursing excellence.

Please note that this document is intended to help gather information before submitting a proposal on the AWHONN Convention website. Do not email completed guides to AWHONN; proposals must be submitted on the 2027 Call for Proposals AWHONN Annual Convention website.

1. Submit your [Poster Proposals here.](#)
2. Submit your [Podium Proposals here.](#)

Our Convention Program Committee identified high priority topics based on educational needs and trends in healthcare. Priority will be given to topics that cover the following areas and will be considered in convention tracks.

OBSTETRIC AND MOTHER-BABY (CLINICAL PRACTICE)

Consideration for high BMI patients, Controversial medications (i.e., Vit K, Acetaminophen), doula care, hemorrhage, hypertensive disorders of pregnancy, lactation, neonatal resuscitation, perinatal bereavement, surgical site infections, SSRI effects on newborns, substance use disorder, vaccines

OBSTETRIC AND HIGH-RISK OBSTETRIC (CLINICAL PRACTICE)

Amniotic fluid embolism, birth trauma, cervical ripening, continuous labor support, critical care obstetric units, induction rates, management of diabetes, management of Category II fetal heart tracing, mental health, obstetric emergency departments (OBED), perioperative, peripartum cardiomyopathy, placenta accreta spectrum disorder, reducing NTSV cesarean delivery, remote outpatient monitoring, sepsis, vaginal prep for cesarean delivery

NEONATAL (CLINICAL PRACTICE)

Advanced airway management, bronchopulmonary dysplasia (BPD), developmental care, ethics in neonatal care, Golden Hour NICU, necrotizing enterocolitis (NEC), neonatal lactation, neonatal resuscitation, neonatal skin care, pain management in neonates, sepsis, very low birth weight (VLBW)

WOMEN'S HEALTH (CLINICAL PRACTICE)

Abnormal uterine bleeding, abortion access, anemia, cervical cancer screening, endometriosis, gender affirming care, gynecology/oncology, heart disease, human trafficking, menopause, mental health, neurodivergent population, obesity, pelvic floor health, perimenopause, reproductive justice, sexual health, syphilis, sexually transmitted diseases (STD), vaginismus

PROFESSIONAL PRACTICE (BROADER TOPICS THAT APPLY TO ALL SPECIALTIES AND PRACTICE LEVELS)

AI in healthcare, care of non-English speaking patients, caring science, centering patient voice, documentation, gender affirming care, generational workforce, impact of One Big Beautiful Bill on Medicaid, implicit bias, legal issues, media literacy/misinformation, midwifery model of care, motivational interviewing, nurse leadership development, orientation, preceptor development, QAPI programs, reproductive justice, resilience/wellbeing in nursing, rural healthcare, staffing innovation, supporting internationally trained nurses, systemic racism in healthcare, team nursing, telehealth.

GENERAL INFORMATION

Important Dates

Submission deadline: October 13, 2026

Notification of acceptance/non-acceptance: Mid-December 2026

Final accepted presentations due: April 5, 2027

Technical Guidance

There is no limit to the number of proposals you can submit. It is recommended that you complete one submission before starting a new submission.

It is possible to save your incomplete proposal and return to edit, however, once it is submitted, you will not be able to make any changes. To save your incomplete proposal, navigate to the lefthand screen and select Save & Exit (screenshot below). If you attempt to leave your submission before it is completed, you will be prompted to save and notify yourself via email (screenshot below).

Proposal Guidelines

Primary Presenter: the person submitting the proposal who will be the primary point of contact for all correspondence related to the proposal.

Co-Presenter: optional additional presenter can present with the Primary Presenter (applicable only to Podium and Poster presentations).

Podium presentations are 60 minutes and can have a maximum of two presenters (Primary Presenter and Co-Presenter).

Microlearning presentations are 15 minutes and can have a maximum of one presenter (Primary Presenter only)

Poster presentations can have a maximum of two presenters (Primary Presenter and Co-Presenter)

All correspondence regarding the proposal submission will be sent to the Primary Presenter only. If the proposal is accepted, you will be invited to add co-presenters in your speaker portal. Your co-presenter will be invited to create their speaker portal and gain access to your shared presentation.

Acceptance and Withdrawal Process

Notification of acceptance/non-acceptance: notifications will be emailed in mid-December.

Acceptance contingency: Acceptance is contingent upon the following conditions: (1) Final presentation or poster is turned in by the deadline, (2) the final presentation or data does not significantly differ from the original reviewed proposal, (3) the final presentation or poster is based on credible, evidence-based resources, and if applicable data collection is complete. Pending or incomplete data results will be disqualified.

Publication: All accepted poster abstracts will have the opportunity to be published in a supplement issue of JOGNN. Abstracts are subject to copy-editing. If the poster is accepted, you will have the option to add non-presenting authors to the abstract.

Registration: If accepted, all presenters must register for the convention. AWHONN does not provide compensated registration for accepted speakers.

Abstract Withdrawal: If you wish to withdraw a proposal, please email sperret-goluboff@awhonn.org and specify the submission you would like to withdraw. The withdrawal must either be sent by the Primary Presenter or have the Primary Presenter cc'd on the correspondence.

FAQ

I am not a member of AWHONN. Can I still submit an abstract? Yes, membership to AWHONN is not a requirement to submit a proposal.

Do you accept abstracts previously published? AWHONN seeks innovative and original content submissions. The content of abstracts should be new and not previously shared through prior presentations or publications. If the submitted content was presented or published previously, you will be asked to share details of prior presentations and publications, and whether you are submitting new or additional information.

Do you accept panel presentations? No, we do not accept panel presentations. See proposal guidelines for the maximum number of presenters for each type of presentation.

How are proposals reviewed? The Convention Program Committee reviews proposals for podium presentations and microlearning sessions. The Research Advisory Panel, Evidence-Based Practice, and Corresponding Convention Program Committee members review the poster proposals. Each proposal will be rated by a minimum of three reviewers using a rubric based on the criteria for each presentation. After the initial review, the convention program committee will select the highest-scoring proposals that align best with the convention goals.

Do presenters receive a reduced registration fee? Yes, accepted presenters are eligible for a \$100 discount off registration.

Can I edit my proposal after submission? You may edit your proposal submission before the deadline. After the deadline, no edits will be allowed.

Acknowledgement of AWHONN’s Accountability, Belonging, and Culture Statement

AWHONN is an association dedicated to the nurses who strive to provide culturally proficient and gender-affirming care for all women, transgender people, non-binary people, birthing people, and newborns regardless of race, ethnicity, nationality, language, sex, gender identity, sexual orientation, carceral state, dis/ability, citizenship, immigration status, income, or health insurance status. As an organization, we are committed to the following principles to guide us further toward our mission and vision.

Guiding Principles

- **Accountability.** AWHONN holds itself accountable to its members, patients, and communities to actively drive and participate in actions that disrupt and dismantle antiquated, oppressive, and non-scientific practices, ideologies, or beliefs that interfere with the provision of accessible and equitable care.
- **Belonging.** AWHONN is intentional about creating safe environments where all members feel they are seen, valued, and belong. When members feel they belong, they achieve greater professional success, personal satisfaction, and a lifelong commitment to nursing.
- **Culture.** AWHONN supports and advocates for a collective fundamental shift in the culture of nursing to address America’s health care crisis by committing to the professional growth and advancement of nursing. This includes eliminating barriers to recruiting (horizontal and vertical violence, burnout, moral injury, etc.) and retaining a well-prepared and representative nursing workforce.

Accountability: ***

☐ I have read the AWHONN Accountability/Belonging and Culture statement and my presentation abides by the guiding principles contained therein.

Financial disclosure

Financial Relationship: ***

Have you had any financial relationship in the past 24 months with ineligible companies? (An ineligible company is any entity whose primary business is producing, marketing, selling, re-selling, or distributing [healthcare products used by or on patients](#)). There is no minimum financial threshold; you must disclose all financial relationships, regardless of the amount, with ineligible companies.

For specific examples of ineligible companies, visit Standards of Integrity and Independence in Accredited Continuing Education Eligibility ACCME <https://accme.org/rule/eligibility/>

Please note: the identification of relevant financial relationships does not necessarily mean that you are unable to participate in the educational activity. Rather, the accreditation standards require that relevant financial relationships are mitigated before you assume your role in this activity.

Yes

Yes

Nature of Financial Relationship: *

What is the nature of the financial relationship?

Poster Subcategories

Poster Subcategory

Education Poster – The presentation uses the scope and standards of Nursing Professional Development (NPD) and describes a completed education project, and the learning outcomes achieved. Minimum required elements include: Identified learning gap, target audience, plan, implementation, evaluation, and outcome. Outcome data include evidence of change in knowledge, skills, or practice.

Quality Improvement (QI) Poster – The presentation describes a completed project that utilizes systematic and ongoing improvement cycles to enhance patient outcomes, efficiency, performance, or other process improvement goals, ultimately achieving the best possible outcomes. Minimum required elements include: Identified problem, target audience, plan (including process measures and outcome measures), implementation, evaluation, and outcome. Outcome data includes pre- and post-intervention data.

Evidence-Based Practice (EBP) Poster – The presentation will focus on a completed project that utilizes evidence-based practice methodology and its impact on patient care or outcomes. The minimum required elements include identifying a need or question, finding evidence from legitimate sources, appraising the evidence, applying the evidence to clinical practice, and assessing outcomes. Outcome data includes pre- and post-intervention data.

Research Poster – The presentation will focus on a completed research project that utilizes nursing research methods to examine clinical questions, measure the impact of nursing interventions or, investigate an issue or problem in healthcare. Quantitative and qualitative methodologies can be used to discover or enhance new knowledge in the nursing field. The minimum required elements include: introduction/purpose, methods (including study design, sample size, and data collection procedures), results (statistical reporting or major themes identified), and discussion/conclusion.

If yes:

- Please include further details about when and where it was presented or published.
- Has the presentation been updated with new original content?

Outcome Data Agreement

Outcome Data Agreement

I acknowledge that the poster presentation is a representation of a completed project and includes measurable outcome data. Examples include but are not limited to documented improvement in knowledge, skills, or practice; data that supports change in practice or patient outcomes; process measures; outcome measures; pre- and post-intervention data, quantitative or qualitative data, and analysis. I understand that final poster presentations without results or pending results will be immediately withdrawn.

Outcome Data Agreement: *

☐ I acknowledge the above statement.

Co-presenters

You may add 1 co-presenter for 60-minute podium presentations and poster presentations. No additional co-presenters are allowed for microlearning presentations. For poster presentations, non-presenting authors will be added after acceptance.

Podium Presentation Proposal

Podium presentations are 60 minute sessions that provide in-depth information for professionals to gain knowledge, skills, or best practice ideas on complex topics. Presentations should highlight the presenter's work and incorporate active learning engagement strategies to help attendees engage and apply new ideas to develop their nursing practice.

Type of Podium Presentation

Podium Presentation

Podium presentations provide in-depth information for professionals to gain knowledge, skills, or best practice ideas on complex topics. Presentations should highlight the presenter's work and incorporate active learning engagement strategies to help attendees engage and apply new ideas to develop their nursing practice.

Microlearning Presentation

Microlearning sessions are short, fast-paced, and high-impact presentations that incorporate microlearning principles to highlight the presenter's work, featuring 10 minutes of presentation followed by 5 minutes of Q&A. If selected, the presenter will be one of 2 speakers presenting in a 30 minute time slot.

AWHONN's Got Talent Competition

The "AWHONN's Got Talent" competition is open to any person who has never presented a podium presentation at the AWHONN National Convention. If selected for the competition, the speaker will be one of four presenters in a one-hour session. Audience participants and the 2027 Convention Program Committee will vote for the presenter that they deem to have the best presentation style, original content, and creative learning engagement techniques. The winner will be offered a spot to present their topic as a 60-minute concurrent session at the 2028 AWHONN Convention, for which they will receive complimentary registration.

AWHONN's Got Talent: *

Have you ever presented a podium presentation at any AWHONN National Convention?

Yes
